**Tewksbury Ma Residents**

Donna Marie Robitaille · 2d ·

Here is a dedicated group of residents trying to help Tewksbury Stop Lithium Battery Site . Town officials that care will be a Voice that matters and is much needed. The Voice of Tewksbury Fire Dept and Tewksbury Police Dept is needed and they should be invited to meet with residents and our local and State officials . This cannot be done without the Board of Selectmen , Town Manager on the side of arranging a forum for concerned residents. Vanna Howard Dave Robertson Barry Finegold is either with the town or against Tewksbury residents . Please call or write your representatives if willing to help , your phone call or letter counts.
